Every part will be issued in consecutive numbers. The initial numbers will cover the period from the beginning of 1946 to the end of 1948. Subsequent numbers will be issued after the close of each session of the organ concerned.

In addition to the list of documents, every part will contain a subject-index, and an introduction noting the unpublished records of meetings and sound recordings deposited in the Archives of the United Nations, the press releases concerning meetings, and certain supplementary information.

Part 5 of the *Check List of United Nations Documents* comprises the documents of the Economic and Social Council. This first number of Part 5 lists the documents of the Council from its first to its fifth session, and the documents of its standing Committees, for the years 1946 and 1947.

The second number of Part 5 is being prepared for publication early in 1949. It will list the documents of the sixth and seventh sessions of the Council, and the documents of its standing Committees, for the year 1948.

The user of this volume will find it more helpful if he first reads carefully the explanations to the Introduction, the Check List, and the Subject-Index, and observes especially that in the Subject-Index all references to records of meetings are made to the section (§) numbers of the Introduction, and that the Check List may be used independently of the Introduction during an inventory of document holdings.

The Department of Public Information gratefully acknowledges the assistance of the Carnegie Endowment for International Peace and the Rockefeller Foundation in the preparation of this *Check List.*

INTRODUCTION

Explanation

The Introduction describes briefly each ad hoc Committee of the Economic and cial Council, session by session, by including the date of its appointment, citing terms of reference, naming its members and officers (if known), listing its reports d general document series symbol (if any) and tabulating its meeting records. ıe Introduction describes in like manner the Sub-Committees of these Committees d the standing Committees of the Council, and includes also tables of plenary eting records for each session of the Council itself. The tables indicate both pub- hed and unpublished meeting records and related press releases. Since drafts for e published meeting records should be deposited as a matter of course in the chives of the United Nations, the tables indicate under the heading "*Archives*" ly the unpublished manuscript records deposited in the Archives ("TPV," "TSR") d the sound recordings ("X").

In the Subject-Index all citations to documents other than meeting records are ade to the entry numbers of the Check List. For citations in the Subject-Index records of discussion in the Council and its Committees, however, reference is ade directly to the appropriate section (§) numbers and meeting numbers in the companying tables of this Introduction, rather than to entry numbers of the meeting ords in the Check List section. It will be seen on inspection that this method of dexing is less cumbersome than referring to the entry numbers for a meeting record ich appears in more than one documentary form (published verbatim and sum- ary records of a plenary meeting and republication of the summary in the *Official cords*, for instance). This method permits indexing of meeting record material t included in the Check List: that is, of meetings without published records, chival material not published, and press releases. Finally, it permits bringing to- her in one place all the relevant meeting records, published or unpublished, with- t intruding upon the Check List proper.

It should be noted that if it is not known to the Documents Index Unit how many etings of a body were held, no meeting numbers are given, or a plus mark (+) ised to indicate that it is known that further meetings were held, but their number d date are unrecorded.

Establishment of the Economic and Social Council

§1. The Economic and Social Council, one of the six principal Organs of the United Nations is established by Article 61 of the Charter of the United Nations. The Council is composed of eighteen Members of the United Nations. Each year six members of the Council are elected for three-year terms by the General Assembly. The General Assembly elected all eighteen members in the first election in its fifth and sixth plenary meetings, 12 and 14 January 1946, and decided by further votes that the following countries should serve an initial term of three years on the Council: Belgium, Canada, Chile, China, France, Peru; the following countries an initial term of two years: Cuba, Czechoslovakia, India, Norway, the Union of Soviet Socialist Republics, and the United Kingdom; and the following countries an initial term of one year: Colombia, Greece, Lebanon, the Ukrainian Soviet Socialist Republic, the United States of America, and Yugoslavia.

Members and Terms of Office, 1946-1947

§2. The members of the Council during 1946 and 1947 are shown in the following table. Members elected in 1947 are also shown, but these members did not begin their term of office until 1 January 1948.

§3. Terms of office begin on 1 January and end on 31 December of the years indicated above, except that in 1946 the initial terms began on the date of election. Terms run for three years, except that in the initial elections of 1946, the whole Council membership being elected at once, the General Assembly voted on 14 January 1946 on which six members should have three-year terms and which members should have two-year terms. General Assembly Resolution 87 (I) of 9 November 1946 amended the rules of procedure of the General Assembly to clarify the date of termination of the initial one-year, two-year and three-year terms.

Officers of the Council, 1946-1947

§4. At its first meeting on or after the first of January in each year, the Economic and Social Council elects from among the representatives of its members a President, a first Vice-President, and a second Vice-President, who hold office until their successors are elected. During 1946-1947 the following officers were elected. *President:* Sir Ramaswami Mudaliar (India) elected at the first plenary meeting, 23 January 1946, and re-elected at the fifty-first plenary meeting, 28 February 1947. Sir Ramaswami Mudaliar was unable to attend the third session (when Dr Štampar served as Acting President) and the fifth session (when Dr Papánek served as Acting President). Because the President and Vice-Presidents would be unable to serve, Dr Eduardo Zuléta Ángel (Colombia) was elected at the forty-ninth plenary meeting (twenty-first of the third session), 3 October 1946, to serve as Acting President for the fiftieth (special) plenary meeting, 10 December 1946. *First Vice-President:* Dr Andrija Štampar (Yugoslavia) was elected at the first plenary meeting, 23 January 1946. Dr Ján Papánek (Czechoslovakia) was elected at the fifty-first plenary meeting, 28 February 1947. *Second Vice-President:* Dr Carlos Lleras Restrepo (Colombia) was

elected at the first plenary meeting, 23 January 1948. Dr Alberto Arca Parró (Peru) was elected at the fifty-first plenary meeting, 28 February 1947, but resigned—August 1947. Mr Hernán Santa Cruz was elected at the 120th plenary meeting, 16 August 1947, vice Dr Arca Parró.

Plenary Meeting Records of the First Session

§5. The first session, plenary meetings 1 to 14, was held in Church House, Westminster, London, from 21 January to 18 February 1946. The records of all but one of the meetings were published in provisional form in the *Journal of the Economic and Social Council*, since superseded by the *Economic and Social Council Official Records*, first year, first session (abbreviated *E.S.C.O.R.*, first session). The last meeting of the session, actually the fourteenth, was published as a mimeographed document of restricted distribution (•E/32; entry 36) but not in the *Journal*; it was later republished in *E.S.C.O.R.*, first session. When the continuous plenary meeting numbers were established at the beginning of the fourth session, document •E/32 was overlooked, and the first meeting of the second session was incorrectly counted as the fourteenth meeting in the continuous series.

Verbatim Records

See §29 of Introduction for a table of correspondence between verbatim records, summary records published in *E.S.C.O.R.*, relevant press releases, and sound recordings deposited in the Archives of the United Nations.

Beginning with the fifty-first plenary meeting, 28 February 1947, meetings are numbered in a continuous series. Verbatim record numbers in series E/PV. have been adjusted to correspond with the meeting numbers; so no verbatim records have been issued under the symbols E/PV.38 to E/PV.50, inclusive, as the note below bearing these numbers explains.

SUBJECT-INDEX

Explanation

The documentation of the Economic and Social Council during its initial two years is complex because of the many inconsistencies resulting from the shifts and changes of a formative period. The Subject-Index of this first number of Part 5 is less simple than the subject-indexes planned for later numbers, partly because the later documentary practice of the Council has been far more consistent, and partly because subsequent numbers of Part 5 will cover a shorter period of time and fewer sessions than the present number.

Documents other than records of meetings and resolutions. All references to these documents are made to entry numbers (e.g. 627, 671, 710, 783, 786) in the Check List, under each of which the document symbol, title, language, republication note, etc., will be found.

Records of meetings. All references to records of meetings are made to the tables of meetings in the Introduction. The section of the Introduction containing the relevant table of meetings is indicated by a section (§) number separated by a colon (:) from the meeting numbers. Plenary meetings of the Council are indicated by the abbreviation "plen.", and Committee meetings by "cttee." Thus:

plen. §29:76; cttee §30a:4

refers to the seventy-sixth meeting of the Economic and Social Council, 24 March 1947, all records of which are listed in the table of plenary meeting records of the fourth session in §29 of the Introduction (see page xxxi), and to the fourth meeting of the Economic Committee, 24 March 1947 listed in the table in §30a (see page xxxii).

Resolutions. Resolutions are referred to simply by resolution numbers, e.g. Resol. 1/12, Resol. 2/3, Resol. 16(III), etc. . . . It is preferable to use the volume of collected resolutions for each session rather than the individual mimeographed resolutions issued prior to the establishment of the resolution number. Individual resolutions under subject are referred to simply by resolution number, e.g. Resol. 1/12, Resol. 2/3, Resol. 16(III), etc. . . . In order to locate the proper entry number in the Check List, consult the listings in the index under Economic and Social Council: resolutions, looking for the proper session and then the number of the resolution sought. Both collected sets and individually issued resolutions will be found easily under this subject heading.

Abbreviations. The following table includes abbreviations used in the Check List, the Subject-Index and the Index of Representatives. In the Subject-Index, the accepted alphabetical abbreviation of the English name of an agency or organization is placed after the name in italics. In some cases—e.g. CITEJA—the form commonly used in English and French is an abbreviation of the French name. Many of the alphabetical abbreviations for inter-governmental agencies and non-governmental organizations are not used elsewhere in the Subject-Index, but have been included for the convenience of readers who may encounter them (sometimes without explanation) in the texts of the documents check-listed in this volume.

Session Indicators. In the case of subjects discussed at more than one session of the Council and its standing Committees, the following are used to indicate the session or Committee:

I, II, III, IV, V indicate the first, second, third, fourth, and fifth sessions of the Council respectively.

C.1 indicates the standing Committee on Negotiations with Inter-governmental Agencies.

C.2 indicates the standing Committee on Arrangements for Consultation with Non-governmental Organizations.

Personal Names. Personal names other than those of representatives are indexed in the Subject-Index in alphabetical order of the surname under the subject heading "Personal names." For representatives, see List of Representatives, p. 220.

LIST OF REPRESENTATIVES.

The following list of representatives is not to be regarded as complete, because not all attendance lists have been published, and not all published lists are complete or accurate. This list excludes secretaries of Delegations unless the published records of meetings indicate participation. The list is provided as an aid to tracing interventions by specific persons or Delegations, since it is impossible to include in the subject-index to documents and records of meetings the several thousand individual statements made during the five sessions covered by this Check List.

Abbreviations

See list on pp. 160–161 for all abbreviations other than those designating Council sessions and Committees which are shown in the table below.
